

ABELDent Portal

More Features for Greater Efficiency!

For Your Patients

ABELDent Portal offers a hassle-free way for your patients to manage upcoming appointments. With Portal you can increase practice efficiency by allowing them to do much more:

- Access online appointment booking, statements, receipts, and health history.
- Book appointments for unscheduled treatment.
- Confirm scheduled appointments by responding to email and text appointments.
- Sync appointment e-cards with their e-calendar.
- Recommend your practice to friends/refer to your practice.

Dr. Bazydlo's team adds real practice value by leveraging ABELDent Portal's automated patient management and communication capabilities.

For Your Practice

ABELDent Portal makes it easy for your team to save time and money:

- Provide online account statements.
- Automate your appointment-related email and SMS messages based on your schedule.
- Track the status of Portal emails that you send, equipping you to make informed decisions about follow up for specific patients.
- Offer electronic forms for secure pre-submissions of health history.
- Send post-visit surveys and store results in the patients' charts for quick reference.
- Link a New Patient Registration to your practice website.

New Feature Now Available!

For both your Patients and Practice.

- Two way texting with a log stored in the patient record.

ABELDent Portal is provided for a monthly fee. Initial payment is due on the date of activation (activation required within 60 days of purchase) and with subsequent payments due at the beginning of each month thereafter for a minimum twelve month term. After the initial 12 month term you may cancel at any time with 30 days of notice. All payments require automated monthly payment arrangements.

ABELDent Portal depends on close integration with ABELDent. A current Software Maintenance Agreement is required and updating ABELDent periodically may be required to support maximum integration between ABELDent and ABELDent Portal.

ABELDent Portal requires secure Internet access to your ABELDent system. ABEL will provide configuration guidelines. Costs incurred in providing and maintaining an ABELDent Portal ready environment including the cost of Internet connectivity, hardware and technical services from ABEL or a third party are users' responsibility.

NOTE: We strongly recommend that you review the Portal Configuration Guide on MyABEL.

A separate ABELDent Portal is required for each ABEL Client ID.
